

AGENDA

**TORINO PROCESS 2018-20 IN BOSNIA AND HERZEGOVINA:
POLICYMAKERS ROUND TABLE**

HOTEL MOSTAR, MOSTAR

24 JANUARY 2019

Inspired by the EU Copenhagen process which tracks developments in vocational education and training in EU member states, the Torino Process is an evidence-informed analysis of VET policies in the ETF partner countries. A core principle of the Torino Process is ownership and participation of all key stakeholders in the participating countries, including social partners and civil society. The Torino Process enables partner countries to monitor the implementation of VET reforms, assess progress and impact on citizens and agree about future priorities.

ETF launched the first round of Torino Process in 2010. In 2018-2020, the Torino Process will be implemented for the fifth time (previous rounds took place in 2010-11, 2012-13, 2014-15, 2016-17). Bosnia and Herzegovina has participated in all rounds.

The fifth round of Torino Process in Bosnia and Herzegovina was announced on 7 November 2018 in Sarajevo during an event dedicated to the promotion of key competences. Since then the Ministry of Civil Affairs, assisted by an expert contracted by the ETF, launched the consultations with stakeholders, with a view to collection of relevant data and evidence.

The objectives of the meeting on 24 January are a) to discuss the preliminary evidence and findings collected thus far and identify remaining information to be compiled as inputs to the Process 2018-20 country report, and b) to agree on the next steps and timeframe.
