

## FLASH REPORT

### Event name

1<sup>st</sup> Live Multilingual Webinar “Digital Skills and Learning - a Silver Bullet for Education?”, 9 October 2019

### Main objective/s

- Dissemination of preliminary findings of policies and initiatives on Digital Skills and Competence (DSC) provision and use of Digital and Online Learning (DOL) methods in VET to support the development and implementation of DSC-DOL strategies in Georgia, Moldova and Ukraine.

### Background

The multilingual webinar presents the preliminary findings of ETF study focusing on facts and evidence on policies and practices on digital skills and competence, and digital and on-line learning in VET in Georgia, Moldova and Ukraine.

The experts involved are:

- Ms Veronica Midari (Moldova)
- Mr Merab Labadze (Georgia)
- Ms Natalia Morze (Ukraine)

The study aims at gathering evidence on policies and initiatives to develop:

- Digital Skills and Competences of VET learners;
- Digital Skills and Competences of VET teachers and trainers, looking for evidence for digitally innovative CPD initiatives (e.g. blending face-to-face and online modules);
- Digital (and online) Learning in I-VET;
- Digital (and online) Learning in C-VET, including adult learning.

The webinar is of a specific interest for policy makers dealing with digitisation of education, training and labour market; school managers, teachers and trainers from VET; social partners.
