Europass
Digital Credentials Infrastructure (EDCI)

Dennis van Gessel & Ildiko Mazar
European Commission
The New Europass

Interoperability mechanism
Enables the exchange of information on skills and qualifications amongst different actors.

E-Portfolio
Support individuals to document and describe their skills, qualifications and experience and to manage their career from a lifelong learning perspective.

Information Provision
Provide information or links to available information on skills and qualification that helps users to better manager their lifelong career.

European Digital Credentials Infrastructure (EDCI)
Encompasses technical specifications to implement the framework. It comprise of core building blocks to help operationalize the framework: e-IDAS, Standards, Services and Software.

Europass Digital Credential – Central To EU's Skills Agenda

Digital Education Action Plan
