

TITLE OF THE PROCEDURE

Services linked to public private partnership and autonomy dimension under the ETF Network of Excellence

Authorising department: Project Management Tools and Dissemination Unit

Deadline for application: 26 May 2021

Planned launch date: May 2021

Budget: 47,000€

Scope of the procedure:

The selected tenderer will build upon existing findings of a baseline study conducted in 2020/2021 and dig more in depth in terms of knowledge creation, exchange and practices on CoVEs autonomy linked to excellence in VET & PPPs for VET and skills development.

The overall scope is to harmonize current identified practices from ETF PCs with the two EU models proposed in the study: Finland and the Netherlands. Some other international partners should be also identified and engaged as part of the process, whilst benefiting ENE membership.

From there, and considering the state of play of ETF PCs, the required services have to address specific questions and issues related to field of work, for unpacking the potential of ENE CoVEs in ETF Partner Countries, whilst also integrating them into other ENE developments.

The three key objectives of this assignment are:

1. Conduct practical learning sessions and exchanges among ENE members
2. Digging deeper on current findings of ENE actions in the thematic areas of Autonomy and PPPs through the development of a study.
3. Internationalisation of the platform.

Type of contract: Fixed service contract in phases

Selection criteria - technical and professional capacity requested to the economic operator:

Experience in implementing similar services in the past three years, including:

- experience on Centres of Excellence capacities to develop research and evaluation plus transferring their outcomes at national and international level
- knowledge of assessment and monitoring of Centres Excellence working practices in the field of autonomy and PPP
