

**SKILLS
LAB**

The skills lab network of experts

WHAT?

- The Skills Lab Network of Experts is a modality for knowledge co-creation on emerging skills needs in ETF partner countries, with around 60 research organisations involved
- **OPEN to all researchers, research institutes and expertise networks** from ETF Partner Countries and the EU member states working on skills demand

WHY?

- To bring experts and researchers together from different institutions, countries and specialisations, and co-create, exchange, disseminate labour market research to foster the culture of skills anticipation and matching

HOW to ACCESS

- Become a **member** of the Skills Lab Network of Experts by filling in a short [form](#)
