OUR MISSION & VISION

We empower people to turn their skills into careers. Everyone should have a pathway to employment

WHO WE WORK WITH

Government and private sector actors providing career and employment services.

Public, non-profit, and private organizations serving the employment needs of vulnerable and marginalized communities.

Education and training providers enabling job-seekers to improve their prospects for employment.

EMPOWER

Use our mobile application to help people capture their skills, explore careers and apply for jobs

SKILL PROFILING

Our gamified and AI-enabled interview allows the user to quickly and easily capture their experiences and skills.

CAREER ORIENTATION

Based on their individual skill profile, users can discover and explore careers while receiving tailored education recommendations.

+ Technical representative

Sales assistants represent the direct contact with clients. They provide general advice to customers.
