Pedagogies

## Summary

DIGI ENE is one of the initiatives launched in the context of the ETF Network of Excellence. The focus will be digital teaching and learning practices. The overall objective of the initiative is to show how digital teaching and learning can efficiently increase students' learning, presenting tools and methodologies, and supporting participating Centres of Excellence in integrating them in their working environment.

## Objectives:

The webinar on **Teachers' Digital Competencies** will:

- support teachers to develop their digital competence &
- open a platform for discussion and transnational learning among members of the network &
- present self-reflection tool of teachers' digital competence & schools' readiness in relation to digital technology &
- present teachers' collaboration & peer-learning methods accelerating digital innovation in schools.

# Webinar on Teachers' Digital Competencies
