Pedagogies

### Summary

Digitalisation is transforming societies, having a strong impact on all sectors and our everyday lives. Traditional teaching & learning methods are going through a transformation to adapt to the needs of the 21st century students and enhance the professional practice of teachers. The overall objective of the DIGI-ENE initiative is to show how digital teaching and learning can efficiently increase students' learning, presenting tools and methodologies, and supporting participating Centres of Excellence in integrating new methods and tools in their working environment

### Objectives:

The webinar will:

- introduce & showcase existing models fostering scaling-up of innovation;
- create and open a platform for discussion and transnational learning among members of the network;
- support the discussion about the culture of innovation, encouraging educators to try new pedagogical approaches with digital tools;
- encourage collaboration and communication among educators and staff to foster a sense of community and shared ownership of digital innovation.

## Mentoring methods as supporting mechanism to foster digital innovation in teaching and learning

### The ENE Network

ENE is unique in being an international network of Centres of Vocational Excellence (CoVEs).

It has more than 270 COVEs, and more than 40 countries worldwide: 15 ETF Partner Countries; 10 EU Member States; 14 African (Sub-Saharan countries); Switzerland and Philippines.

During 2023, ENE thematic work is currently building on 10 themes. These are captured in ENE Self-Assessment Tool (ENESAT):

- Lifelong learning in vocational education and training – from initial to continuing training and adult education pathways—from VET to Higher Education (and vice versa).
- Entrepreneurial Centres of Vocational Excellence.
- Education–business cooperation.
- Pedagogy and Professional Development.
- Smart specialisation – Mobilising Innovation, ecosystems and SMEs.
- Industry 4.0 and Digitalisation.
- Autonomy and PPPs in VET skills development.
- Going green – supporting sustainable goals.
- Social inclusion, equity and excellence.
- Career Education and Guidance in Vocational Excellence.
