

## WEBINAR “DIGITAL SKILLS DEVELOPMENT: TOWARDS SCALABLE AND SUSTAINABLE INITIATIVES”

**28 NOVEMBER 2023, 14:00 CET**

The webinar, jointly organised by the ETF Network of Excellence (ENE) and by the ALL-DIGITAL network, aims at discussing with members of both networks, as well as with other interested participants, how education and training organisations can build digital skills of learners and workers in a scalable and sustainable way. In particular, the event aims at discussing successful upskilling and reskilling strategies and initiatives and at presenting opportunities and tools that they can leverage on.

The webinar will count with interpretation in Russian and Arabic.
