

VET Recommendation and Osnabrück Declaration peer learning event

SITE VISIT TO PIAZZA DEI MESTIERI

27 May 2024, 18.00-19.30

Via Jacopo Durandi 10, Turin

[Piazza dei Mestieri](#) (literally “Crafts Square”) is a foundation with educational purposes. Its main aim is to support training and youth labour insertion by improving and innovating educational services, with a strong social inclusion accent.

Participants will learn about the multi-purpose and multi-stakeholder organisation of Piazza dei Mestieri, bringing together several services for youth: guidance, IVET and CVET, on-the-job training, dual training, cultural and recreational activities.

Feeding into the event peer learning objective, focus of the site visit will be digital solutions adopted in Piazza dei Mestieri, in different contexts: curricula design, teaching staff professional development, infrastructure, and of course VET provision, both at upper secondary level (all programmes) and ITC programmes at tertiary level delivered by the Higher Technical Institutes (ITS).
