

BUILD SYSTEMS, NOT SHORTAGE LISTS

FIVE STEPS TO A SUSTAINABLE SYSTEM

A durable response connects intelligence, training, recognition, and decent work.

01

BENEFIT

Migrant workers, countries of origin
and countries of destination

02

MATCH AND PROTECT

People with decent jobs through fair
recruitment and professional integration

03

DOCUMENT AND RECOGNISE

Formal, informal and transversal skills,
as well as qualifications

04

DEVELOP

Vocational education systems, curricula, trainers' capacity,
work-based learning, and career guidance

05

ANTICIPATE

Labour market demand and migration patterns

THE TAKEAWAY

**Labour market demand and vocational
education systems *should be aligned.***
