# AGENDA

EVENT NAME   Kick-off meeting of SELFIE in Montenegro

LOCATION   Gymnasium "Slobodan Škerović", Podgorica, Montenegro

DATE   14 May 2019

SUMMARY

Montenegro has prioritised digital skills and digital learning in several policy and strategies papers, including the Information Society Development Strategy 2016−2020 and has undertaken several related initiatives in the field of education and training.

In this context and in line with the co-operation framework agreed between Montenegro and the European Training Foundation[1] (ETF) for 2019, the aim of this event is to launch a pilot of SELFIE[2] in a set of schools in Montenegro.

SELFIE is a tool developed by the Joint Research Centre of the European Commission[3] that aims to support the innovative use of digital technologies in teaching and learning in primary schools and secondary general and vocational schools, and support the development of digital competence of learners.

SELFIE can guide schools in a self-reflection process on their progress towards comprehensive integration and effective deployment of digital technologies into teaching, learning and student assessment.

At school level, SELFIE uses questionnaires to collect the views of school leaders, teachers and students, on anonymous and voluntary basis. It explores six areas, namely leadership, infrastructure

and equipment, continuing professional development, teaching and learning, assessment practices and student digital competence and results are collected in paper-less interactive report.

At system level, SELFIE offers, through anonymous aggregated data, an overview of the digital readiness of the school system in Montenegro.

The SELFIE project in Montenegro is coordinated by Ms Jelena Konatar with the support of the Joint Research Centre (JRC - European Commission) and of the European Training Foundation (ETF).

Objectives of the event:
- Launch of a pilot of SELFIE in Montenegro, involving a set of primary schools and secondary general and vocational schools selected by the Ministry of Education;
- Train the Continuing Professional Development (CPD), Information, and Communication Technology (ICT) school coordinators of pilot schools to cover the role of SELFIE school coordinator.

Together with the school managers, CPD and ICT coordinators of the pilot schools, the event will seek the participation of relevant national stakeholders.

This event and the subsequent results of pilot of SELFIE (from 15/05 to 31/05) will inform the Ministry of Education next steps with SELFIE towards a general adoption.
