

AGENDA

EVENT NAME	Kick-off meeting of SELFIE in Kosovo ¹
LOCATION	Shkolla Model "Qamil Batalli", Rruga "Sami Pllakolli" nr. 141, Pristina
DATE	21 st May 2019

SUMMARY

Kosovo has recently taken initiatives to foster the use of digital technologies in education and training.

In this context and in line with the co-operation between Kosovo and the European Training Foundation² (ETF) for 2019, the aim of this event is to launch a pilot of SELFIE³ in a set of schools in Kosovo.

SELFIE is a tool developed by the Joint Research Centre of the European Commission⁴ that aims to support the innovative use of digital technologies in teaching and learning in primary schools and secondary general and vocational schools, and support the development of digital competence of learners.

SELFIE can guides schools in a self-reflection process on their progress towards comprehensive integration and effective deployment of digital technologies into teaching, learning and student assessment.

¹ This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence

² European Training Foundation (ETF) - <https://www.etf.europa.eu>

³ Self-reflection on Effective Learning by Fostering the use of Innovative Educational Technologies (SELFIE) - https://ec.europa.eu/education/schools-go-digital/about-selfie_en

⁴ Joint Research Centre (JRC): <https://ec.europa.eu/jrc/en>

At school level, SELFIE uses questionnaires to collect the views of school leaders, teachers and students, on an anonymous and voluntary basis. It explores six areas, namely leadership, infrastructure and equipment, continuing professional development, teaching and learning, assessment practices and student digital competence and results are collected in paper-less interactive report.

At system level, SELFIE offers, through anonymous aggregated data, an overview of the digital readiness of the school system in Kosovo.

The SELFIE project in Kosovo is coordinated by Ms Valbona Fetiu-Mjeku, Head of Vocational Education and Training, Ministry of Education, Science and Technology (e-mail: valbona.fetiu.mjeku@rks-gov.net) with the support of the Joint Research Centre (JRC - European Commission) and of the European Training Foundation (ETF).

Objectives of the event:

- Launch of a pilot of SELFIE in Kosovo, involving a set of primary schools and secondary general and vocational schools selected by the Ministry of Education, Science and Technology;
- Train the Continuing Professional Development (CPD), Information, and Communication Technology (ICT) school coordinators of pilot schools to cover the role of *SELFIE school coordinator*.

Together with the school managers, CPD and ICT coordinators of the pilot schools, the event will see the participation of the EU Office in Kosovo and of relevant national stakeholders.

This event and the subsequent results of pilot of SELFIE will inform the Ministry of Education, Science and Technology of Kosovo on the next steps with SELFIE towards a general adoption.

21 May 2019

09:30 – 10:00	Registration of participants
