### **3. European Parliament resolution of 28 April 2016 with observations forming an integral part of the decision on discharge in respect of the implementation of the budget of the European Training Foundation for the financial year 2014 (2015/2173(DEC))**

#### *The European Parliament,*

- having regard to its decision on discharge in respect of the implementation of the budget of the European Training Foundation for the financial year 2014,
  - having regard to Rule 94 of and Annex V to its Rules of Procedure,
  - having regard to the report of the Committee on Budgetary Control and the opinion of the Committee on Employment and Social Affairs (A8-0116/2016),
- A. whereas, according to its financial statements, the final budget of the European Training Foundation (the “Foundation”) for the financial year 2014 was EUR 20 158 053, representing an increase of 0,07 % compared to 2013; whereas the Foundation’s entire budget derives from the Union budget;
- B. whereas the Court of Auditors (the “Court”), in its report on the Foundation’s annual accounts for the financial year 2014 (the “Court's report”), stated that it had obtained reasonable assurances that the Foundation’s annual accounts were reliable and that the underlying transactions were legal and regular;

#### *Follow-up of 2013 discharge*

1. Welcomes the fact that, after an agreement on the Foundation’s premises was signed in March 2013 with the authorities of the Piedmont region in Italy, the Foundation carried out extraordinary maintenance of the premises and assumed direct control of the internal systems such as water, gas and electricity, while the common systems remained under the overall management and maintenance of the region; notes with satisfaction that in July 2015 the Foundation and the Piedmont region signed a new agreement on the premises covering the period 2016 to 2018;

#### *Budget and financial management*

2. Notes that budget monitoring efforts during the financial year 2014 resulted in a high budget implementation rate of 99,90 %, indicating that commitments were made in a timely manner, and that the payment appropriations execution rate was high, at 94,80 %;
3. Acknowledges that the Foundation participated in the Commission’s inter-institutional bank tender, which resulted in concluding a contract with a new bank; notes from the Court’s report that the Foundation reduced the amount held in the Italian bank with a low credit rating (F3, BBB) from EUR 7 500 000 in 2013 to EUR 1 800 000 in 2014; takes note of the fact that, due to specific banking issues, the Foundation is obliged to keep an Italian bank;

#### *Commitments and carry-overs*

4. Notes from the Court’s report that the total amount of committed appropriations carried over to 2015 amounted to EUR 940 119 (4,7 % of total appropriations); takes note of the

fact that the carry-overs were at EUR 756 768 (36,2 %) for Title II (administrative expenditure), representing an increase of 6,2 % compared to the previous year; acknowledges that those carry-overs related mainly to software, hardware and furniture renewal purchases;

5. Observes that an amount of EUR 2 618 494 was carried forward from the financial year 2013; notes that EUR 85 129 (3,25 %) of 2013 carry-forwards were cancelled; takes note of the fact that the cancellations of 2013 carry-forwards were high for Title I (staff expenditure), at 15,9 % and for Title II (administrative expenditure), at 7,6 %, indicating an over-estimation of financial needs; acknowledges that, according to the Foundation, those cancellations were related mainly to unexpected delays and unforeseen staff issues;

### ***Transfers***

6. Notes with satisfaction that, according to the Foundation's Annual Report and the Court's audit findings, the level and nature of transfers in 2014 remained within the limits of the financial rules;

### ***Procurement and recruitment procedures***

7. Notes that the Foundation has been striving to reduce the number of staff in central administrative functions since the adoption of its recast mandate in 2008, while at the same time maximising the number of experts it deploys, increasing the staffing of its operations department by 19 %, from 64 in 2008 to 76 in 2014;

### ***Prevention and management of conflicts of interests and transparency***

8. Notes that the Foundation carried out in 2014 the exercise of requesting CVs and declarations of interest of its Governing Board members, Director and senior managers; notes, moreover, that the majority of CVs and declarations of interest collected have been published on the Foundation's website; takes note of the fact that the Foundation is actively pursuing the publication of the residual number of outstanding CVs and declarations, which will be published upon receipt, provided that consent for publication is given; calls on the Foundation to inform the discharge authority of progress with regard to recruitment of senior management;
9. Encourages the Foundation further to raise awareness of the conflicts-of-interest policy among its staff, alongside ongoing awareness-raising activities and the inclusion of integrity and transparency as an obligatory item to be discussed during recruitment procedures and performance reviews;
10. States that the annual reports of the Foundation could play an important role in compliance regarding transparency, accountability and integrity; calls on the Foundation to include a standard chapter on these components in its annual report;
11. Calls on the Foundation to enhance its procedures and practices aimed at safeguarding the financial interests of the Union and to actively contribute to a results-oriented discharge process;

### ***Performance***

12. Notes that 2014 was the first year of the Foundation's Mid-term Perspective 2014-2017 and commends the Foundation on its estimated performance effectiveness, at over 97 %,

when comparing results planned against those delivered in the three strategic objectives, which were reinforcing evidence-based vocational education and training (“VET”) policy analysis, modernising VET systems in a lifelong learning perspective and increasing the relevance of VET provision in respect of the labour market, economic and social cohesion;

### ***Internal audit***

13. Notes that in accordance with the audit plan, the Commission’s Internal Audit Service (“IAS”) did not carry out an audit during the course of 2014; ascertains that at the end of 2014, all six recommendations issued by the IAS following the 2013 audit on expert management and missions were addressed by the Foundation; notes furthermore that the evidence was provided to IAS for its annual review in 2014 and that in July 2015 the IAS formally closed five out of six recommendations while downgrading one recommendation from “very important” to “important”;

### ***Other comments***

14. Notes the increasing number of requests for the Foundation' support to Union external relations assistance, from 78 in 2013 to 82 in 2014, and believes this underlines its relevance in supporting the role of the Union as a global actor in this field;
15. Points out that the Foundation operates in a dynamic environment which requires a high level of flexibility in continually updating and adjusting its activities to meet expected results in the delivery of support to partner countries; recalls that the 2014 context was marked in particular by ongoing political instability in the southern and eastern Mediterranean and in eastern Europe owing to the crisis in Ukraine; suggests that full advantage of the work done by the Foundation be taken in the area of migration and skills;
