5. Appreciates the fact that the Foundation is the only Union agency with a mandate to work outside the Union in supporting the Union external action in the area of education, vocational training, skills and labour market systems and human capital development in the Union's partner countries, for the purpose of improving the employability and employment prospects of the citizens of those countries; in that context, highlights the need of ensuring adequate human and financial resources allowing the Foundation to continue to implement its work programme with a very high activity completion rate;
6. Notes that the Foundation achieved a 91 % activity completion rate with a timely completion rate of 85 %, and that it succeeded in reaching its targets for 14 out of 15 KPIs;
7. Notes that in 2019, the governing board adopted a new strategy that defines a vision that maximises the utilisation of the Foundation's knowledge and experience in the context of the Union's external relations' policies to improve human capital development with a focus on delivering the United Nation's 2030 Sustainable Development Agenda and the Union's external relations priorities;

9. Stresses the importance of increasing the digitalisation of the Foundation in terms of internal operations and management procedures; stresses the need of the Foundation to continue to be proactive in that regard in order to avoid a digital gap between the Union agencies; draws attention, however, to the need to take all the necessary security measures to avoid any risk to the online security of the information processed;

Staff policy

10. Notes that, on 31 December 2019, the establishment plan was 100 % implemented, with 86 temporary agents appointed out of 86 temporary agents authorised under the Union budget (compared to 86 authorised posts in 2018); notes that, in addition, 41 contract agents worked for the Foundation in 2019 and that there were no seconded national experts;

13. Urges the Foundation to enhance the geographical balance of its staff, including at middle and senior management level, in order to have a proper representation of nationals from all Member States, reflecting the diversity of the Union, as indicated in Article 27 of the Staff Regulations of Officials;
14. Encourages the Foundation to pursue the development of a long-term human resources policy framework which addresses work-life balance, lifelong guidance and career development, gender balance, teleworking, geographical balance and the recruitment and integration of people with disabilities;

Procurement

17. Is satisfied that the Foundation has acted upon the majority of the observations made by the discharge authority in the framework of the 2018 discharge procedure but draws attention to the fact that it still has to take action to respond to Court's observations as regards non-competitive price elements in award criteria; notes that there was no evidence that the procurement procedure through which five interim workers worked for the Foundation led to the award of the best value for money contract; endorses the Court's observation in that regard that the Foundation should use award criteria which focus on competitive price elements; notes that in its reply, the Foundation's fully acknowledges the issue and aims for the next procurement procedure for interim workers to include competitive price elements in the award criteria;

Internal controls

18. Notes that the internal audit service (IAS) issued one very important and five important recommendations in 2019, as a result of the IAS audit on 'HR management and ethics in the ETF'; notes that two recommendations were formally closed by the IAS in February 2020 and September 2020; notes in that regard that the Foundation has implemented a recommendation ranked as 'very important' and actions to address the remaining recommendations, pending the IAS's review and formal closure;

19. Notes that 2018 was the first full year of implementation of the Foundation's 17 internal control principles; notes that the results of the annual assessment of the internal control principles for 2019 were positive, with 16 out of the 17 principles being assessed as functioning well or needing only minor improvements; calls on the Foundation to further report to the discharge authority on the measures taken in order to improve the situation;
20. Notes, regarding the follow-up actions to Parliament's comments in the context of the 2018 discharge, that an external evaluation of the Union agencies under the remit of the Commission's Directorate-General for Employment, Social Affairs and Inclusion (DG EMPL), namely the Foundation, Cedefop, Eurofound and EU-OSHA, was carried out in 2018 on behalf of the Commission with regard to their relevance, effectiveness, efficiency, coherence and added value at Union level, concluding that the approach of risk management in the Foundation is in line with other agencies and enables a comprehensive and consistent control over the potential risks; notes that all open actions are planned to be completed by March 2021; calls on the Foundation to report to the discharge authority on progress made;
21. Notes that the Foundation has increased its social media presence targeting general public on different media channels and that it also introduced a new knowledge-sharing platform which helps to achieve strategic objective of being a global knowledge hub for skills and employment policies in developing and transition countries; recalls the importance of continuing to develop greater visibility in the media, internet, and social media in order to make its work known;
22. Notes that the cross-cutting evaluation of the Union agencies under the remit of DG EMPL suggested a number of recommendations for each of the agencies, but that none of them would have required legislative changes or the merging or co-locating of the agencies;
 -
 - ◦
23. Refers, for other observations of a cross-cutting nature accompanying its decision on discharge, to its resolution of 29 April 2021¹ on the performance, financial management and control of the agencies.
