

AGENDA

EVENT NAME: Annual Eastern Partnership Regional Forum on WBL in VET
Engaging small companies in work-based learning

LOCATION Grand Hotel, Svobody Av. 13, Lviv, Ukraine

DATE(S) 22-24 October 2019

Introduction

Work-based learning (WBL) is a key priority in VET policies of the European Union, its Member States and in many ETF partner countries. Improving work-based learning in VET is considered a key to address youth unemployment and employability, to better match VET with skills needs of companies and to improve overall relevance and attractiveness of VET.

The outcomes of several ETF actions and initiatives, including 3-year regional project on WBL for Eastern Europe and Kazakhstan (2015-2017), confirmed the high value and benefits of networking between partner countries in the region and of peer learning with countries of the European Union. It also showed the need for further capacity building for the main stakeholders in view of policy development and implementation of work-based learning in the countries.

In this perspective, the ETF supports the policy dialogue with countries in the region through the organisation of Annual Regional Forums for WBL in VET between 2018 and 2020. This year, the Regional Forum is organised by the ETF under Eastern Partnership Platform 4 “Mobility and People-to-People contacts” and in cooperation with the Ministry of Education and Science of Ukraine. The Annual Forum meeting will be combined with a capacity building offer (Modular Training Course on WBL for policy makers and social partners) developed by ETF to support efforts from countries to improve the quality of WBL to the benefits of both learners and enterprises.

The 2019 Annual Forum on WBL addresses priorities identified by VET stakeholders in the region, during the 2018 forum in Georgia.

The focus of the 2019 annual forum and the modular training course will be on:

- SMEs engagement in WBL
- Quality Assurance in WBL

The main objectives of the 2019 Regional Forum are:

- To examine how to involve companies, in particular SMEs, in WBL,
- To share experiences and encourage policy dialogue between countries in the region;
- To support policy makers and social partners to reflect on their own practices on WBL in VET;
- To strengthen technical capabilities of stakeholders for planning and implementation of WBL.

The Forum primarily targets policy makers and social partners from the Eastern Partnership region. It addresses both staff working in the field of employment and professionals working in the VET sector, including:

- Decision makers and experts from ministries, agencies and institutions at national and regional levels;
- Representatives of employers and employees organisations involved in VET development;
- Members of boards of educational institutions or committees.

The first two days will be devoted to capacity building, the third day is intended to leave space for sharing knowledge and experiences

22 October	Engaging small companies in work-based learning
Reflection and sharing session	Participants will work on how to increase engagement of companies in training. They will be able to identify the key issues to make the system more effective

23 October	Quality assurance in WBL
I- Capacity building session	Participants will be exposed to the fundamentals of Quality assurance in WBL and will learn how to apply or to improve concepts and mechanisms in their own countries.
II- Site visits	Participants will visit VET schools and SMEs. They will be able to discover Ukrainian practices in implementation of WBL.

24 October	Sharing new developments, knowledge and information
Networking session	Participants will share experiences and learn about new developments in the partner countries, EU Member States and at international level. They will discuss various frameworks to improve the implementation of WBL

Notes

WHAT IS THE ETF?

The ETF – European Training Foundation – is an EU agency that helps transition and developing countries to harness the potential of their human capital through the reform of education, training and labour market systems in the context of the EU's external relations policy.

The ETF has been operational since 1994 in Turin, Italy and employs about 130 staff. It receives around €20 million per year from the EU budget and works with partner countries in South Eastern Europe and Turkey, the Southern and Eastern Mediterranean, the Eastern Partnership, Central Asia, and Russia.

WHERE DOES THE ETF WORK?

SOUTH EASTERN EUROPE AND TURKEY

Albania, Bosnia and Herzegovina, Kosovo*, former Yugoslav Republic of Macedonia, Montenegro, Serbia, Turkey

SOUTHERN AND EASTERN MEDITERRANEAN

Algeria, Egypt, Israel, Jordan, Lebanon, Libya, Morocco, Palestine**, Syria, Tunisia

EASTERN PARTNERSHIP

Armenia, Azerbaijan, Belarus, Georgia, Moldova, Ukraine

CENTRAL ASIA

Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, Uzbekistan

OTHER COUNTRIES

Russia

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence.
** This designation shall not be construed as recognition of a State of Palestine and is without prejudice to the individual position of the Member States on this issue.
