# **AMENDING BUDGET 2/2023**

The main objectives of this amending budget are to present the transfer already performed under the authority of the Director and to integrate the additional revenue.

#### Revenue

The ETF's main source of revenue is its contribution from the European Commission. In addition, in accordance with Article 15.3 of its founding Regulation, the ETF can receive funding from other sources for activities included in its mandate.

#### 1a. EC contribution (Titles 1, 2, 3)

There are no modifications to the appropriations the ETF expects to implement by the end of the year.

#### 1b. Other revenue

In addition to the assigned revenue presented in its first amending budget 2023<sup>1</sup> the ETF has now confirmed the expected additional revenue from extra-subsidy projects with the EC that can be assigned to the budget 2023.

The new additional revenue included in this amending budget corresponds to:

- EUR 180 000 representing the full value of the contribution agreement with EC (Delegation Rwanda/DG INTPA) for supporting the design of an action on the TVET sector in Rwanda, action which ends Jan 2024.
- EUR 500 000 representing the full value of the Multi Partner Contribution Agreement ref. 2023 /447-748 European Training Foundation (ETF) - EU Technical Assistant to the Ministry of Education and Technical Education TE 2.0 strategy (TA4TE)

## Expenditure

The activities performed until now and the proposed changes are aligned with the priorities and objectives in the single programming document adopted by the Board on 25 November 2022 <sup>2</sup>. Budget estimates have been reviewed considering updated information on salary adaptation, and the additional revenue.

This amending budget includes one transfer falling under the authority of the Director as well as a revision of the assumptions for staff and infrastructure costs based on expected reimbursements from the extra-subsidy projects:

 The contribution of the existing and newly signed extra-subsidy projects to the staffing costs of the ETF is expected to cover the existing gap for temporary and contract agents' salaries while

keeping a margin for the November salary adaptation, allowing a release which together with various other adjustments in Title 1 sums up to a total of EUR 166,300 which can be made available to infrastructure and operational activities.

- In Title 2 the savings from reduced use of the building during August and on utilities
  consumption with a limited part of the availability of Title 1 are covering for additional
  maintenance needed due to water infiltrations during the months of May-July and health and
  safety measures to allow use of affected offices as well as the ETF works needed to adapt to
  the new electrical cabin being installed by the Region.
- The main part of the release from Title 1 is contributing to relevant operational initiatives under Title 3 linked to Engagement with IFIs, additional support to QA Annual forum (Jan 2024) and Data collection through e-survey on working and learning in the ETF Partner Countries, as well as website developments and other communication initiatives linked to ETF's 30th celebration.

Based on article 38.2 of the ETF Financial Regulation, the ETF uses the opportunity to "offset the effects of parttime work" by one additional appointment (function group AD).

By end 2023, it is expected to reach 86+2 as part time continues to be above 2 FTE (Art 38.2 of the ETF Financial Regulation). It is envisaged to use the opportunity provided by art. 38.2 beyond 2023
