# Development of Vocational Education in the South Caucasus

## MAIN TARGETS:

1. Establishment of the monitoring portal
  - May 2017 – November 2018
  - based on [www.ask.org.az](http://www.ask.org.az) website
  - Members of AEC – 100 institutions
  - Information on vocational education and institutions
2. Conduction of “Open doors” day in institutions
  - Pupils and students of the secondary and primary vocational education institutions
3. Occupational measures
  - Establishment of the independent test center
  - Promotion of entrepreneurial thinking
4. Public awareness on importance of participation of private sector in vocational education

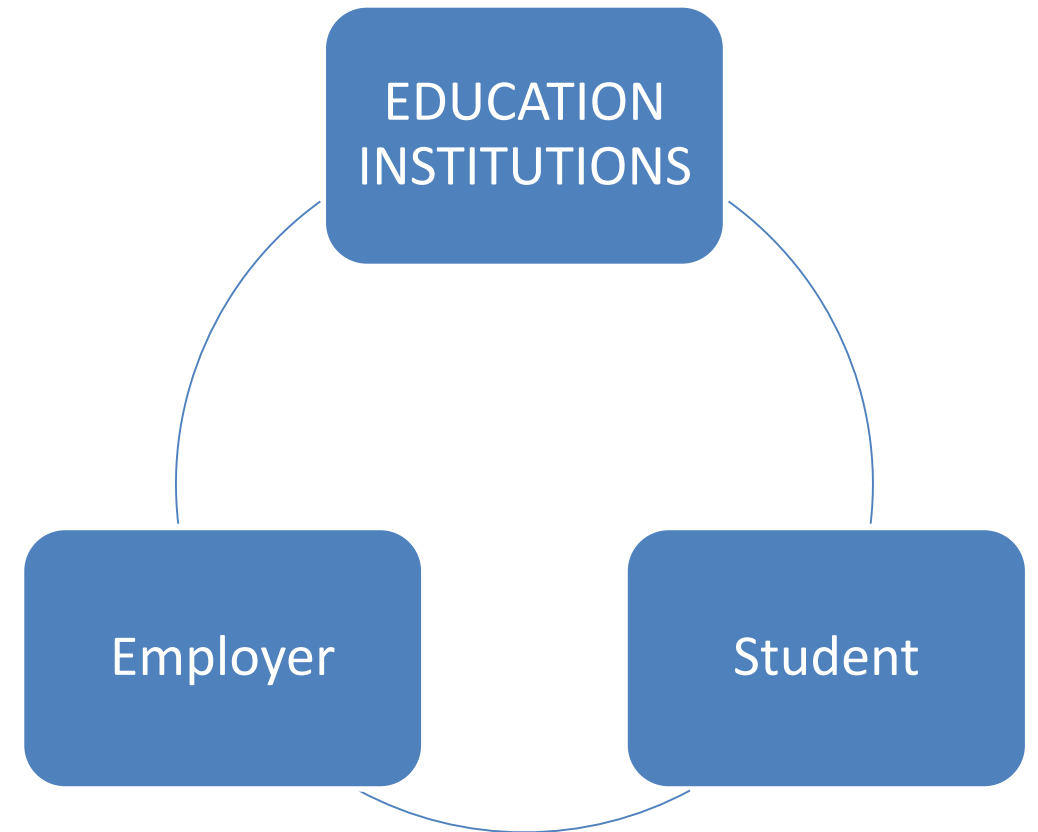

# AEC suggests:

- Expansion of public-private partnership and cooperation
- Transmission of certain obligations of the vocational education system to entrepreneurs  
(e.g. Equipment supply of Vocational Education Entrepreneurs)
- Establishment of appropriate legal framework for «Pupil Contract»
- Stimulation mechanisms for participation of entrepreneurs in the education and expertise process
- Inclusion of vocational subject into the curriculum of the secondary schools
- Establishment of the Certification Commission
  - Employer
  - Trade Union on the area and field
  - Vocational public associations
  - Ministry of Education

# AEC suggests:

## «PUPIL CONTRACT»

- Specially trained guardians are assigned in the institution
- The student goes to work 2-3 times a week
- Wages are exempted from income tax and social insurance payments
- The contract is signed before the student enrolls in the educational institution
- The guardians are rewarded by the educational institution for the number of students

Thank you for attention and active participation  
in the public-private partnership!
