- a cover letter of one page maximum, explaining why you are interested in the traineeship

How does the selection process work?

Work of the manager of the Department (and/or delegated staff members)

The work and deliberations of the manager of the Department hosting the traineeship and/or delegated staff members (selection board) are strictly confidential and any contact is not allowed. Contacting them constitutes grounds for disqualification from the procedure.

Three consecutive phases:

Phase 1 – Screening of applications against eligibility criteria

Applications meeting all eligibility criteria move to the next phase.

N.B. Documents proving eligibility will be requested to selected candidates and assessed before start of the traineeship.

1.2 Selection for interviews

On the basis of the information provided in the curriculum vitae, the selection board assesses the applications against technical knowledge, skills and qualifications. Please refer to the section “Who are we looking for”.

The candidates presenting the most appropriate applications are invited for an interview.

Due to the high volume of applications expected, only candidates invited for an interview will be contacted. This is expected to take place in late August/early September.

Phase 2 – Interviews

The selection board will assess the candidates’ skills, knowledge and motivation required for the traineeship through an interview. The interviews will be held in English.

This phase is expected to take place in September 2023. It will be organised remotely.
Upon completion of this phase, the selection board will put forward to the ETF Director a list of candidates considered the most in line with the selection criteria.

**Phase 3 – Establishment of a reserve list**

Having assessed the proposal made by the selection board, the ETF Director will establish a reserve list of candidates she considers the most suitable for the traineeship.

The list will be valid until the launch of the next call. Inclusion in the list does not guarantee a traineeship.
